

# How to Correctly Bag Gently Worn, Used and New Shoes

- Use clear bags provided by Funds2Orgs
- Bag as you go. Add 25 pairs of gently worn, used and new shoes to each bag.
- Secure pairs together by tying laces or using rubber bands.
- Place shoes toe to heel to prevent bags from tearing.
- Tie a knot at the top of each full bag. Do not secure bags with rubber bands.
- To prevent tearing, avoid moving the bags too much.
- Use the bag count sheet to keep track and relay the total to your coach each week.
